Patriarch Run: A Novel Benjamin Dancer

"A breathless thriller...a literary meditation clutching a straight razor behind its back. Bold, beautifully written, and surprising." -Marcus Sakey, bestselling author of *The Brilliance Trilogy*

Nine years ago, Jack Erikson was deployed to China to protect the United States from a cyberattack. Now, suffering from a drug-induced amnesia, he is unable to recognize his own son. What Jack knows for sure is that an elite group of operators is determined to kill him. What he does not yet remember is that he controls a cyber-weapon powerful enough to return human civilization to the Stone Age. If Jack lives long enough to piece together his mission and his identity, he will be forced to choose between the fate of humankind and that of his own family.

Readers of Cormac McCarthy and Peter Heller will appreciate both the suspense and the Western setting. In his thrilling literary debut, Benjamin Dancer also explores the timeless themes of fatherhood and the fraying fabric of global stability.
