Politics and the Canadian Army Medical Corps: A History of Intrigue, Containing Many Facts Omitted from the Official Records, Showing How Efforts at Rehabilitation Were Baulked (Classic Reprint) Herbert A. Bruce

By Hector Chariesworth. After all wars it is customary to engage in stocktaking; to canvass the mistakes that were made as well as the results that were achieved. The custom is salutary. It would be the most obvious folly in any community to settle down complacently after a period of stress and tolerantly dismiss any sins of omission or commission that may have been committed, as but the evidences of a higher virtue. Peace is the time for the restoration of clear vision and the rectification of injustices perpetrated in the hurlyburly of war. Therefore no apology need be made for the man who with intimate knowledge of any phase of Canada swar effort brings the facts to the light of day.
