The Mercifully Brief, Real World Guide to Raising Thousands (If Not Tens of Thousands) of Dollars With Email Madeline Stanionis

Generously dispensing advice, insider tips, and recommendations for which she usually commands tidy sums, Madeline Stanionis, President and Creative Director of Donordigital, reveals precisely what you need to do, step by step, to raise substantial money with email.

And while it's not as simple as sending hastily written emails every week or month, neither is it unduly complicated or time-consuming.

At heart, raising thousands of dollars with email is all about building your list, using timing to your advantage, crafting a series of coherent messages, presenting your email in a visually appealing way, and carefully observing your returns for clues that can guide your future efforts.

That's it really. And any organization following Stanionis' trenchant advice will see immediate results.

Further, there's plenty of material in the book to customize and adapt, as Stanionis offers a wealth of sample emails from diverse organizations.

And taking it a step further, in the Resources section of the book, the author shows you how to identify just the help you might need (a "messaging vendor" who can send your emails, for example).

Other books talk about "Internet fundraising," which usually encompasses e-commerce strategies such as online shopping malls and auctions. That's all well and good, but many of us want to know one simple thing — how can we raise more money with email? And do it now?

Raising Thousands (if Not Tens of Thousands) of Dollars with Email puts that question to rest.
