**The Dual Force for Your Success: Two Books in One**

Some people have a strong will to succeed but don't have the ambition to direct their power. And others have ambition or dreams, but they don't possess a strong will that will make sure they succeed in spite of all those big obstacles and hurdles and keep going strongly.

What you need is a strong will, coupled with a sublime ambition. Then you have that rare combination to success.

And this book is all about both. It presents to you one of the greatest classic self-help writers Orison Swett Marden's book *An Iron Will* and his another book *Ambition and Success*, bound together in one single volume.

## **The First Book: An Iron Will:**

The book is written in such a powerful way that it will make you to realize the importance of developing a strong iron will for your success. All the great men and women in history invariably possessed an iron will which saw them through against all their enormous challenges and hardships.

Very few today possess a strong will power to stay in the process to succeed. This book can teach and inspire you to be and become one.

## **Some Insights From the Book:**

1. "We rise by the things that are under our feet; By what we have mastered of good or gain."
2. Never allow yourself to be convinced that you are not complete master of yourself. Stoutly affirm your own superiority over bodily ills. We should keep a high ideal of health and harmony constantly before the mind.
4. The power to hold on is characteristic of all men who have accomplished anything great.

## **The Second Book: Ambition and Success**

Now that you have the will power, you must go on to get your mind focused on some target or ambition in life.

You can start with your dream that you have always wanted to achieve. Visualize it. Make plans to achieve it. It is never too late to achieve what you have longed for. You can start now.

## **Some Nuggets From the Book:**

1. Multitudes of people, like an unmagnetized needle, lie motionless, unresponsive to any stimulus until they are touched by that mysterious force we call ambition.
2. Be careful how you discourage or refuse to heed that inner voice which commands you to go forward.
3. There is a powerful tonic in holding the conviction that you are in the world for a purpose, that you are here to help, that you have a part to perform which no one else can take for you.
