The Philosophical Writings of Descartes: Volume 1 René Descartes

These two 1985 volumes provide a translation of the philosophical works of Descartes, based on the best available Latin and French texts. They are intended to replace the only reasonably comprehensive selection of his works in English, by Haldane and Ross, first published in 1911. All the works included in that edition are translated here, together with a number of additional texts crucial for an understanding of Cartesian philosophy, including important material from Descartes' scientific writings. The result should meet the widespread demand for an accurate and authoritative edition of Descartes' philosophical writings in clear and readable modern English.

Jeffrey Primo:

Is it anyone who having spare time after that spend it whole day by watching television programs or just laying on the bed? Do you need something totally new? This The Philosophical Writings of Descartes: Volume 1 can be the response, oh how comes? It's a book you know. You are therefore out of date, spending your extra time by reading in this completely new era is common not a nerd activity. So what these textbooks have than the others?

Christina Pena:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Philosophical Writings of Descartes: Volume 1 can make you feel more interested to read.
