A Study Aid for the Science of Christian Science Max Kappeler

This book is an invaluable aid to those who are studying Kappeler's writings and recordings in depth. It is comprised of the diagrams and illustrative materials used in his numerous summer school classes and books - a compilation that spans over 50 years of teaching. It is most useful to those who have a solid grasp of the scientific system of Christian Science. It is not a book that can be read per se. These diagrams must be pondered in association with Kappeler's works. Experience has shown that visual aids, especially in the form of charts and diagrams, are highly supportive of a structural understanding of the subject.
