Fundamentals of Occupational Safety and Health

Mark A. Friend, James P. Kohn

Fundamentals of Occupational Safety and Health Mark A. Friend, James P. Kohn

The sixth edition of this popular handbook provides a thorough and up-to-date overview of the occupational safety and health field and the issues safety professionals face today, and does so in an accessible and engaging manner. An excellent introductory reference for both students and professionals, *Fundamentals of Occupational Safety and Health* provides practical information on technology, management, and regulatory compliance issues, covering crucial topics like organizing, staffing, directing, and evaluating occupational safety programs and procedures.

Author Mark Friend addresses all major occupational safety and health topics in this comprehensive volume, including safety-related laws and regulations, hazardous materials, workplace violence, the threat of terrorism, and OSHA's recordkeeping standard. This new edition has been revised and updated throughout to include new information on a variety of topics. Some of the highlights:

- The Globally Harmonized System for Hazard Communication of Classification and Labeling of Chemicals and related changes in terminology are addressed under Hazardous Materials
- The chapter on Industrial Hygiene reflect the recent changes in the regulations regarding the Globally Harmonized System for Hazard Communication of Classification and Labeling of Chemicals
- The chapter on Transportation Safety has been significantly edited and streamlined to provide the reader with a better format that is easier to read and comprehend

The book includes a handy directory of resources such as safety and health associations, First Responder organizations, and state and federal agencies. The latest edition of this go-to reference work reflects the legal and cultural climate of safety and health in an easily comprehensible and well-organized format, giving readers a wealth of occupational safety and health information right at their fingertips.

What you need to do is just spending your time not very much but quite enough to get a look at some books. Among the books in the top record in your reading list is actually Fundamentals of Occupational Safety and Health. This book which can be qualified as The Hungry Slopes can get you closer in becoming precious person. By looking way up and review this e-book you can get many advantages.

Ann Strickland:

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach

Chinese's country. Therefore , this Fundamentals of Occupational Safety and Health can make you feel more interested to read.
