Tenets of Time is a fast-paced crime fiction novel packed with action, adventure, and romance. Kevin Johnson works as a federal correctional officer at the El Reno prison in his hometown of Yukon, Oklahoma. Kevin also lives a double life as a secret agent working for a clandestine organization known as IS International, whose mission is to assist people with unconventional problems that cannot be resolved through traditional judicial processes. Kevin plans to work at the federal prison for a few more years, retire with benefits, and disappear off-grid to enjoy an affluent retirement. However, Kevin's world changes when he reconnects with Cheri Henry, a former classmate. He falls in love with Cheri and bonds with her son, Chas. Kevin is grateful to be part of a real family again, and becomes happier than he ever imagined. Meanwhile, international intelligence operatives discover IS International--and its lucrative assets-- and plot a hostile takeover. Kevin's perfect life—and the people he loves-- will be destroyed unless he can stop the evil network.
