*NSTA Recommended*

To ensure they're meeting state early learning guidelines for science, preschool educators need fun, age-appropriate, and research-based ways to teach young children about scientific concepts. That's just what they'll get with this hands-on guidebook! The basis for the PBS KIDS show *Sid the Science Kid*, this innovative teaching resource helps children ages 3–5 investigate their everyday world and develop the basics of scientific thinking—skills they'll apply across subject areas when they enter school.

A fun and engaging way to introduce science to young children, PrePS is a must-have because it

**Provides age-appropriate introduction to key science practices** See which domain of school readiness in the Head Start Child Development and Early Learning Outcomes Framework this book addresses.
