Cattle Kingdom in the Ohio Valley 1783-1860

Paul C. Henlein

Cattle Kingdom in the Ohio Valley 1783-1860 Paul C. Henlein

The great beef-cattle industry of the American West was not born full grown beyond the Mississippi. It had its antecedents in the upper South, the Midwest, and the Ohio Valley, where many Texas cattlemen learned their trade. In this book Mr. Henlein tells the story of the cattle kingdom of the Ohio Valley—a kingdom which encompassed the Bluegrass region in Kentucky and the valleys of the Scioto, Miami, Wabash, and Sangamon in Ohio, Indiana, and Illinois.

The book begins with the settlement of the Ohio Valley, by emigration from the South and East, in the latter part of the eighteenth century; it ends with the westward movement of the cattlemen, this time to Missouri and the plains, toward the end of the nineteenth century. Mr. Henlein describes the intricate pattern of agricultural activities which grew into a successful system of producing and marketing cattle; the energetic upbreeding and extensive importations which created the great blooded herds of the Ohio Valley; and the relations of the cattlemen with the major cattle markets.

An interesting part of this story is the chapter which tells how the cattlemen of the Ohio Valley, between 1805 and 1855, drove their fat cattle over the mountains to the eastern markets, and how these long drives, like the more famous Texas drives of a later day, disappeared with the advent of the railroads. This well-documented study is an important contribution to the history of American agriculture.

Do you occasionally have book but you do not get what it's all about. Oh come on, that will not end up to happen if you have this in your hand. The Enjoyable agreement here cannot be questionable, including treasuring beautiful island. Use you still want to miss that? Find this book and also read it from currently!

James Anderson:

As a college student exactly feel bored for you to reading. If their teacher requested them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Cattle Kingdom in the Ohio Valley 1783-1860 can make you experience more interested to read.
