## **Observations on Hamlet** James Plumptre

Dramatists are swelled, it naturally leads us to imagine that Industry must have exhausted all her patience, and Ingenuity her conjectures, in attempting to elucidate his unrivalled compositions. Yet the contrary appears to be the real state of the case, and the press still teems with new Shakespeares and fresh Shakspeariana. This vast garden of criticism still puts forth its flowers and its weeds, and invites the attention of the labourer and the florist. A solitary wanderer, in casually passing through this delightful spot, has accidentally discovered a flower, which appears to have hitherto escaped the notice of its more studious admirers.

(Typographical errors above are due to OCR software and don't occur in the book.)
