Comprehensive Medical Coding Plus MyHealthProfessionsLab with Pearson eText for MIBC--Access Card Package Lorraine M. Papazian-Boyce MS

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide.

Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

Pearson's Comprehensive Medical Coding is the recipient of the Most Promising New Textbook Award from the Textbook and Academic Authors' Association

This package includes MyHealthProfessionsLab™

Pearson's Comprehensive Medical Coding: A Path to Success offers comprehensive coverage of all code sets (ICD-10-CM/PCS, ICD-9-CM, CPT, HCPCS) and can be used for three coding courses: diagnosis coding, physician procedure coding, and inpatient hospital coding.

Designed to give readers a strong foundation in essential competencies, *Pearson's Comprehensive Medical Coding* organizes chapters around three basic coding skills—abstracting, assigning, and arranging codes. Students are guided through the entire coding process in each chapter. Flexible in its organization and progressive in its numerous exercises of varying levels, the book is appropriate for traditional, modular, linear, and wheel courses. Guided Examples teach the coding process, while Mini-medical Records help students learn how to identify and abstract pertinent information from medical documentation. Throughout the book, superior in-text features provide a clear learning path to student success.

Personalize Learning with MyHealthProfessionsLab

MyHealthProfessionsLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn and test their understanding to help them better absorb course material and understand difficult concepts. Comprehensive content spans the entire MIBC curriculum, allowing instructors to customize their course and providing students with a consistent learning experience across the program.
