Over the Rainbow: Money, Class & Homophobia Nicola Field

First published in 1995, Nicola Field's *Over the Rainbow* confronts the political contradictions in the LGBT+ movement and contains one of the earliest first-hand accounts from the frontlines of Lesbians and Gays Support the Miners, featured in the hit film *Pride*. Written at a time when LGBT+ people enjoyed increased visibility but faced continued discrimination and assault from conservative governments, *Over the Rainbow* sets an agenda for resistance rooted in class politics and shatters the myth of a unified LGBT+ 'community'. Including fresh material, this expanded edition considers the impact of *Pride* and the challenges ahead for LGBT+ activism in the 21st century. Nicola Field, an original member of LGSM, is a London-based writer, artist and activist. She has written for *Diva*, *Socialist Review* and *Ambit*; exhibited at the V&A and the British Film Institute; and spoken on political platforms internationally.
