Dark of the Night: New Tales of Horror and the Supernatural

Dark of the Night. It is a time when sleep eludes you, shadows move and voices whisper. When old fears rise unbidden, screams are stifled and hearts stop beating. It is that moment when you are gripped by pure, overwhelming terror...

In this original collection of all-new stories of psychological and supernatural dread, that moment comes when a horror writer is stalked by his greatest fan... an old lover lives on in an empty room...a couple are pursued by a deadly scarecrow... a seaside pier is the gateway to another time... a man learns about living from the dead...

Such modern masters of the macabre as Ramsey Campbell, Christopher Fowler, Kim Newman, Michael Marshall Smith, Stephen Laws, Douglas E Winter, Richard Christian Matheson and others show you what it is like to lose control--of your mind, your identity, even your very soul--as they explore the terrors that wait for us all between dusk and dawn in the Dark of the Night.
