Ailain Stone considers himself an ordinary kid until he witnesses the murder of his parents and the kidnapping of his best friend. When the killers target him, he leaps twenty-eight years into the future to save himself. There he discovers that his whole life has been a lie. A deadly lie. Only Richard Steele and Trey Lyne know the truth. But neither will tell him who he is, as they change his name, alter his appearance, put a computer in his brain, augment his body and hustle him from one place to the next steps ahead of deadly assassins. His search for his mysterious identity soon embroils him in a conflict between native Alysians and invading Terrans where he may be forced to choose a side. Someone's Clone is a fast-paced mystery and coming of age story that includes time travel, clones, and a developing war for possession of the planet.
