Atlantic Pilot Atlas

James Clarke

Atlantic Pilot Atlas James Clarke

The Atlantic Pilot Atlas provides a complete guide to the weather of the North and South Atlantic, the Mediterranean and the Caribbean. Now revised for the fifth edition, it includes weather forecasting, global warming and hurricane avoidance information as well as wind and current charts, wave heights, tropical cyclone tracks and shipping routes. Any skipper contemplating an ocean crossing needs to know what conditions he is likely to meet en route, in order to plan a safe and comfortable passage, and this book provides exactly what is needed.

40 specially drawn colour charts show detailed information on the winds, currents, gale frequencies, rough sea conditions, hurricane tracks and recommended sailing routes for each month of the year for all these oceans.

'This is what every yachtsman contemplating an extended cruise needs in one book... No serious offshore bookshelf should be without one.' *Yachting Monthly*

'Without doubt the most useful guide for anyone planning a Transatlantic voyage.' *Ships & Ports*

From reader reviews:

Barbara Richardson:

Reading can called imagination hangout, why? Because while you are reading a book specially book entitled Atlantic Pilot Atlas the mind will drift away trough every dimension, wandering in most aspect that maybe unidentified for but surely will become your mind friends. Imaging every single word written in a e-book then become one type conclusion and explanation that maybe you never get previous to. The Atlantic Pilot Atlas giving you one more experience more than blown away your head but also giving you useful facts for your better life within this era. So now let us teach you the relaxing pattern the following is your body and mind are going to be pleased when you are finished examining it, like winning a. Do you want to try this extraordinary investing spare time activity?

Alonzo Stark:

This Atlantic Pilot Atlas is brand-new way for you who has fascination to look for some information because it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know otherwise you who still having small amount of digest in reading this Atlantic Pilot Atlas can be the light food for yourself because the information inside that book is easy to get through anyone. These books develop itself in the form that is certainly reachable by anyone, sure I mean in the e-book type. People who think that in publication form make them feel drowsy even dizzy this reserve is the answer. So there is absolutely no in reading a e-book especially this one. You can find what you are looking for. It should be here for a person. So , don't miss the idea! Just read this e-book kind for your better life along with knowledge.

Michael Nunn:

What is your hobby? Have you heard that question when you got students? We believe that that concern was given by teacher with their students. Many kinds of hobby, All people has different hobby. And also you know that little person including reading or as reading become their hobby. You have to know that reading is very important along with book as to be the issue. Book is important thing to increase you knowledge, except your teacher or lecturer. You find good news or update in relation to something by book. Amount types of books that can you decide to try be your object. One of them are these claims Atlantic Pilot Atlas.

Kristin Saylor:

Reading a guide make you to get more knowledge as a result. You can take knowledge and information from a book. Book is composed or printed or descriptive from each source that filled update of news. In this modern era like currently, many ways to get information are available for you. From media social similar to newspaper, magazines, science guide, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to spread out your book? Or just in search of the Atlantic Pilot Atlas when you desired it?
