Pitt: The Story of the University of Pittsburgh, 1787–1987 Robert C. Alberts

This is a history of a major American university from its birth on the western frontier in the eighteenth century through its two-hundredth anniversary. Told primarily through the stories of its energetic and sometimes eccentric chancellors, it's a colorful and highly readable chronicle of the University of Pittsburgh.

The story begins in the early spring of 1781, when an ambitious young Philadelphia lawyer named Hugh Henry Brackenridge crossed the Alleghenies to seek his opportunity in Pittsburgh. "My object," he wrote, "was to advance the country [Western Pennsylvania] and thereby myself." He founded Pittsburgh Academy, later to be the Western University of Pennsylvania and then the University of Pittsburgh, and lived to see the school grow along with the city.

Author Robert C. Alberts, mines the University archives and describes many issues for the first time. Among them is the role played by the Board of Trustees in the conflicts of the administration of Chancellor John Gabbert Bowman, including the firing of a controversial history professor, Ralph Turner; the resignation of the legendary football coach, Jock Sutherland; and a Board investigation into Bowman's handling of faculty and staff. We see Pitt's decade of progress under Edward Litchfield (1956–1965), who gambled that the millions of dollars he spent . . . would be forthcoming from somewhere or someone; but who, as it turned out was mistaken."

Pitt became a state-related university in August 1966, but financial stability was achieved gradually during the administration of Chancellor Wesley W. Posvar. The ensuing crisis of the 1960s and early 1970, caused by the Vietnam War, and the student protests that accompanied it, are described in rich detail. The history then follows Pitt's emergence as a force in international higher education; the institution's role in fostering a cooperative relationship with business; and its entry into the postindustrial age of high technology.

The story of Pitt reflects all the struggles and the hopes of the region. As Alberts writes in his preface, "There was drama; there was tragedy; there was indeed controversy and politics. There were, unexpectedly, rich veins of humor, occasionally of comedy."

Jesus Thresher:

This book untitled Pitt: The Story of the University of Pittsburgh, 1787–1987 to be one of several books which best seller in this year, here is because when you read this reserve you can get a lot of benefit onto it. You will easily to buy this specific book in the book retailer or you can order it by way of online. The publisher of the book sells the e-book too. It makes you quickly to read this book, because you can read this book in your Smart phone. So there is no reason for you to past this book from your list.

Jessie Loudermilk:

As a college student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's internal or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Pitt: The Story of the University of Pittsburgh, 1787–1987 can make you really feel more interested to read.
