Counseling and the Demonic (Resources for Christian Counseling) Rodger K. Bufford

Throughout human history, the question of demonic influence has been a controversial one. It continues to be so now, when there are two widely held views. According to the first view, demons are everywhere. Those who believe this are preoccupied with demons and with efforts to appease, avoid, or escape them. The second view discounts demons, looking on them as irrelevant, at best, or even nonexistent. Both these views are mistaken. Unfortunately, reality is both less comfortable and more complex than either outlook permits.
