Horses

Horses, just horses--sans riders, saddles, and bridles--unless they're in a stall, it's not something you see anymore. But this is precisely what Tony Stromberg, equine photographer extraordinaire, gives us. He photographs these graceful animals in a pure and natural way that no other photographer can match. And now, his most beautiful shots are collected in one breathtaking photo book: *Horses*. Whether they're in stalls, in the paddock, or in fields and woods--Stromberg employs a perfect balance between light and shadow, unique composition, and a superlative feel for the right moment to make these majestic animals come alive, creating an authentic homage to a glorious creature. However, his pictures go far beyond merely depicting horses' beauty. Stromberg, a former advertising photographer, had his first encounters with horses in the 1990s at a time when he was suffering from terrible burnout himself. But in these gentle companions, he found in his words, teachers and soulmates who helped him regain a sense of peace. The deep connection to horses he has built since then is clearly evident in his photos, which is what makes them so special.

Maria Mariani:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Horses can make you really feel more interested to read.
