If there was ever a need to discover why our Constitution came to be, Madison' Notes is the place to go to learn. Today's "constitutional scholars" have no idea why our Constitution was created seeing that most of these alleged scholars are of the "Progressive" types. This book is the culmination of Madison's Notes which are very hard to find on the internet and I have not found a book to have and hold until now. So, enjoy this book. There are no footnotes or any other type of note to read except for the notes that James Madison made at the end of each day.
