Star Children: The True Story Of Alien Offspring Among Us Jenny Randles

"...noted UFOlogist and best-selling author Jenny Randles turns her attention to the fascinating accounts of those living among us whose origins may not be entirely human. Some star children believe that they are the hybrid offspring of aliens and humans, conceived during space abductions. Others may have extraterrestrial spirits living within their human bodies. These entities, often unaware of their own origins, may be growing up in our midst...Randles assesses these remarkable tales and looks at the possibilities of psychological and earthly explanations."--Gathering Alternative. "...her usual fair-minded analysis...."--FATE. 224 pages, 6 x 9.
