## **Rainforest: Ancient Realm of the Pacific Northwest** Graham Osborne

With their cathedral-like trees, lush green groundcover, and swirling cloaks of mist, the temperate rainforests of the Northwest American continent have long been a source of wonder, not-to-mention source of natural raw materials. Rainforest captures the mystery and majesty of these ancient forests in an eloquent text by Wade Davis and the stunning nature photography of Graham Osborne. The result is a powerful tribute to a rare and beautiful ecosystem, as well as a compelling plea to save it.
