## The Gender Conundrum: Contemporary Psychoanalytic Perspectives on Femininity and Masculinity (The New Library of Psychoanalysis)

In *The Gender Conundrum* Dana Birksted-Breen brings together for the first time key psychoanalytic papers on the subject of femininity and masculinity from the very different British, French, and American perspectives.

The papers are gathered around the central issue of the interplay of body and psyche in psychoanalysis. The editor sees the positive use of this given tension and duality as the key to real understanding of the questions currently surrounding gender identity. As well as addressing the outspoken controversy over the understanding of femininity, she shows that there has been a more silent revolution in the understanding of masculinity.

Offering an international perspective, this collection of seminal papers with introductions of exemplary clarity fills a considerable gap in the literature, providing a classic text for psychoanalysis and gender studies.
