Mike Barnes thought he was living the happily ever after. He had a beautiful wife, three grown children and a wonderful home in the Florida Keys. It's been thirty years since he fled the island stronghold of a Colombian drug cartel that nearly cost him his life. He thought he'd put the past behind him. But an urban legend has been gaining ground, and when a face from Mike's past shows up on his doorstep, Mike is thrown back into a world of cover-ups and conspiracies, where people will kill to get their hands on The Lost Millions. The author who brought you Night Planes now delivers another exciting phase of the story. It's a tale of redemption and righting the wrongs of the past. No matter what the cost.
