Neurology for the Small Animal Practitioner is a practical presentation of common neurological conditions seen in a small animal practice. The book includes clear guidelines for effective diagnosis and treatment protocols for common neurologic conditions in dogs and cats. Important neurologic pathways and diagnostic procedures are illustrated by original, anatomic drawings and step-by-step procedural figures. Tables and algorithms are used to focus the reader on critical steps in patient evaluation and differential diagnosis. Color illustrations facilitate localization of lesions and patient assessment. The consistent layout, 157 illustrations (102 color), 25 diagnostic images, and 57 tables facilitate the rapid acquisition of information.

Published by Teton New Media in the USA and distributed by Manson Publishing outside of North America.
