Guinea Pig B: The 56 Year Experiment

R. Buckminster Fuller

Guinea Pig B: The 56 Year Experiment R. Buckminster Fuller

Published in 1983, this slim volume contains some of Bucky's most shining observations on his 87 years of living on Spaceship Earth. The foreward by Bucky's daughter, Allegra Fuller Snyder, gives us some personal glimpses of this intellectual giant, who applied his mind to developing theories and principles to help guide humans through the naturally occurring evolutionary process of the planet. Contains a full listing of Bucky's patents, honorary doctorates, and published works.

From reader reviews:

Larry Parrish:

As people who live in the actual modest era should be up-date about what going on or information even knowledge to make these people keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by studying books. It is a good choice for you personally but the problems coming to you is you don't know which one you should start with. This Guinea Pig B: The 56 Year Experiment is our recommendation to help you keep up with the world. Why, since this book serves what you want and want in this era.

Allan Nguyen:

Information is provisions for folks to get better life, information today can get by anyone from everywhere. The information can be a information or any news even an issue. What people must be consider while those information which is from the former life are challenging be find than now could be taking seriously which one is acceptable to believe or which one typically the resource are convinced. If you obtain the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Guinea Pig B: The 56 Year Experiment as your daily resource information.

Bessie Barrett:

Precisely why? Because this Guinea Pig B: The 56 Year Experiment is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will jolt you with the secret that inside. Reading this book close to it was fantastic author who also write the book in such wonderful way makes the content within easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This unique book will give you a lot of rewards than the other book have got such as help improving your proficiency and your critical thinking method. So , still want to delay having that book? If I were being you I will go to the book store hurriedly.

Walter Burchett:

Is it you who having spare time and then spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This Guinea Pig B: The 56 Year Experiment can be the solution, oh how comes? It's a book you know. You are consequently out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these ebooks have than the others?
