Patterns of Evidence: Exodus: A Filmmaker's Journey Timothy P Mahoney

In 2002, filmmaker Timothy Mahoney went to Egypt looking for an answer to one fundamental question: did the Exodus story as written in the Bible really happen? During the course of his 12-year project he reviews accepted archaeological viewpoints, compares biblical references to evidence and presents alternative theories that support the validity of the event called The Exodus. This book tells the story about the creation of his feature documentary film, also titled "Patterns of evidence: the Exodus". It's not only a visual companion to the film, giving scenes and diagrams, it's also a narration of his ongoing journey of research and travel, giving perspectives of some of the leading archeologists, Egyptologists, and political and cultural influencers as they talk about the story of the Exodus.--Publisher.
