OAH SPE: HAS BEEN CALLED THE WONDER BOOK OF ALL AGES

Nearly One Million Words In Two Volumes. Text Reset For Clarity. Illustrations Added.

WHAT IS IT? Probably the best way to describe Oahspe is in the words of the book itself: A sacred history of the dominions of the higher and lower heavens on the Earth for the past 24,000 years, beginning with the submersion of the continent of Pan in the Pacific Ocean, commonly called the Flood or Deluge, to the Kosmon (present) Era. Also a brief history of the preceding 55,000 years, together with a cosmogony of the Universe, the creation of the planets; the creation of man; the unseen worlds; the labor and glory of gods and goddesses in the ethereal heavens; with the new commandments of Jehovah to man of the present day.

WHAT DOES IT CONTAIN? Oahspe is best described as The Complete Book of The Cosmos and it might easily have been written by today s space scientists! Much of the science in OAH SPE has only recently been discovered. Newbrough could not have guessed so rightly, especially in the face of all the authorities of his day. Today space satellites are discovering how it is out in space, while in 1882 OAH SPE contained the same information! For instance, the now famous Van Allen radiation belts complete as to nature and height! The scientific reader is overwhelmed by the science of OAH SPE.

Do you think flying saucers are new? Then read OAH SPE! A whole panorama of aerial and space vessels are described as though from today s newspapers. Do you wonder at Einstein s theories? Then read OAH SPE! He could have gotten his information there! Uncounted thousands of tons of meteorites fall to Earth each day, yet space is nearly empty of them. OAH SPE knew it in 1882! Space is dark, say our daring astronauts. So did OAH SPE in 1882, and tells us why! Archaeologists have made amazing discoveries of ancient races and dead cities and civilizations since 1882. They might have discovered them sooner had they read OAH SPE. Ancient languages are described in OAH SPE.

Just where is Heaven? What do you do there? Is there anything for YOU to do when you get there - what kind of occupation? Is there really a hell? Who manages the Earth, the Solar System, the Universe - and how? How do the different religions fit into God's one Universe? OAH SPE tells all this, and a thousand more answers to man's most difficult questions.
