The Carriage Of Goods By Sea Under The Rotterdam Rules (Maritime and Transport Law Library)

This book is based on papers presented at the Sixth International Colloquium organised by the Institute of International Shipping and Trade Law, Swansea University, in September 2009. The sixteen contributions have been written by a team of international experts who collectively submit the newly proposed Rotterdam Rules to a sustained, penetrative and comprehensive analysis. The scale of the Rotterdam Rules is staggeringly wide, as also are their detail and complexity, and coming to a full understanding of the provisions and implications of the Rules represents a challenge even to those experienced in the law and practice of commercial shipping. This book examines virtually all aspects of the Rules and will provide an effective, reliable and readable guide to everyone seeking a complete grasp of the Rules.
